Quality and Safety First

Rami Factory follows strict international quality and safety standards, including ISO certifications. We have a strong quality control system to make sure our products meet the highest standards. We also prioritize Health, Safety, and Environmental (HSE) practices to protect our workers, clients, and the environment.

Focused on Our Clients

We put our customers first, building long-term relationships with top companies across Saudi Arabia. We provide reliable, efficient, and cost-effective solutions, making us a trusted partner for large projects.

Looking Ahead

Rami Factory aims to stay a leader in the steel fabrication industry by constantly improving, adopting new technologies, and fostering innovation. We are proud to contribute to Saudi Arabia's growth and to be part of major projects across the Kingdom.

Parking Shads:

We specialize in designing and building high-quality parking shades that provide excellent protection for vehicles. Our shades are durable, weather-resistant, and customizable to meet your specific needs. Whether for residential, commercial, or industrial spaces, we deliver reliable and stylish shading solutions.
